

DOCKET NO.: MSFT-2773/306494.01

PATENT

Application No.: 10/674,706

Preliminary Amendment - First Action Not Yet Received

REMARKS

The specification has been amended herein to update information relating to commonly assigned co-pending U.S. Appln. No. 10/413,846, filed April 15, 2003, entitled "Application Program Interfaces and Structures in a Resource Limited Operating System." The information was not known at filing and is thus being updated at the earliest opportunity to help expedite examination of the present application. Early consideration and allowance of the present application is earnestly solicited.

Date: January 23, 2004
